## Product content

---

- 1 x Extra Battery 2500 with built-in Micro USB cable.
- 1 x User manual.

## Usage instructions

---

### Portable device charges:

Connect the micro USB cable (1) to the portable device you want to charge. Charging process will start automatically. Once the charge is finished, disconnect the device and the Extra Battery will switch off automatically and instantly.

### Extra Battery charge:

Connect any cable \* Micro USB - USB A Type to micro USB port of your Extra Battery (3), then connect the USB type A connector to 5V charger or computer's USB port. Charging process will start automatically, LED indicator will light in red (2). When the charging process is finished, LED indicator will turn off (2), indicating that the battery is completely charged. Please disconnect the Extra Battery then.

The LED indicator will remain dimmed in blue when the battery containing cargo in order to indicate it is ready for use (this residual light means not a significant energy consumption\*\*).

\*Cable not included.

\*\*72uA per day / 2.2 mA per month / 26.4 mA per year.

### IMPORTANT

Charging the Extra Battery with a device connected at the same time is not recommended, as this procedure can reduce the normal life-cycle of this model of battery.

## FAQs

---

### Why is it impossible to recharge all devices with 2500 mAh (battery's capacity indicated)?

2500 mAh is the internal lithium battery capacity of Extra Battery 2500. During charging process, the circuit of both Extra Battery 2500 and the device will consume just a part of power from the battery. But this part also changes depending on the kind of device charged. Therefore, the battery cannot full recharge devices with a 2500mAh battery.

## Care and maintenance

---

- Do not expose your Extra Battery to knocks, dust, direct sunlight or high temperatures.
- Do not use corrosive nor abrasive cleaning products.
- Keep your Extra Battery clean and without dust, with a soft and dry cloth, clean the device while it is off and disconnect it from the electric current.
- Do not disassemble Extra Battery. All reparation should be done exclusively Energy Sistem Soyntec S.A qualified staff.
