Properties:

Ready-to-use preparation with excellent degreasing properties. Quickly and easily, without being bothersome scrubbing, dissolves grease, grease and all stubborn oil stains from all types of surfaces washable. Quickly evaporates without leaving streaks and stains. It is safe for the cleaned surfaces. Not causes corrosion. Thanks to the content of innovative wetting agents, the preparation penetrates the dirt, dissolving it quickly and effectively. The product does not contain a fragrance, so it can be used indoors and on surfaces that come into contact with food. It can be used both in cleaning catering rooms, as well as in cleaning engines and removing stains resulting from the action of petroleum products.

Instructions for use:

1. Ready to use
2. Evenly spray on a dirty surface, scrub or wipe with a damp cloth. In the case of strong dirt, repeat the action.
