## VOL. 2

Project Cards & Instructions

## SAFETY MESSAGES

- To Parents: Read all instruction before providing guidance to your children.
- Adult supervision and assistance are recommended for all the experiments, especially when handling hot water, using scissors or desk lamp.
- Intended for children aged over 5.
- This kit and its finished products contain small parts which may cause choking if misused. Keep away from children under 3 years old.
- Identify the contents of the kit before you start each activity. Kitchen materials are also required from home to perform the experiments. Adult assistance is required in collecting these materials.
- Always wash your hands after handling soil or compost.
- Handle the thermometers with care. The glass body is fragile. Broken glass may cause injury.
- Do not use sewage water for the experiments. Sewage water contains bacteria and micro organisms which will contaminate the kits. Follow the instructions to mix artificial "dirty water". This is sufficient to demonstrate the purifying effects of the kit.
- Some projects are only an experimental kit for demonstrating different methods of purifying water. The kit is not intended as a filtering device for drinking water. Do not drink the water purified with the kit.
- Discard the compass and thermometer if broken or leak develops. Harmful if leaked liquid swallowed. Call physician immediately.

### WARNING:

#### CHOKING HAZARD - Small parts.

Not for Children under 3 years. Children under 8 years, can choke or suffocate on uninflated or broken balloons. Adult supervision required. Keep uninflated balloons from children. Discard broken balloons at once. Balloon is made of natural rubber latex.

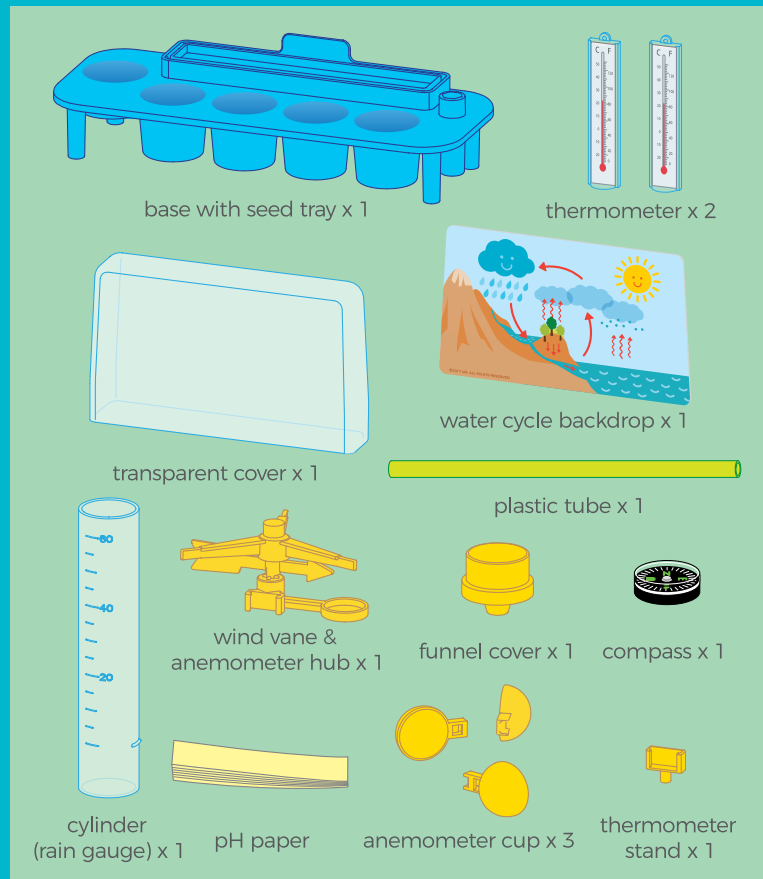

### QUESTIONS & COMMENTS

We treasure you as a customer and your satisfaction with this product is important to us. In case you have any comments or questions, or you find any parts of this kit missing or defective, please do not hesitate to contact our distributor in your country, whose address is printed on the package. You are also welcome to contact our marketing support team at Email: [infodesk@4M-IND.com](mailto:infodesk@4M-IND.com), Fax (852) 25911566, Tel (852) 28936241, Web site: [WWW.4M-IND.COM](http://WWW.4M-IND.COM)
